FLIGHT NUMBERS

SPEED
Speed ratings are listed from 1 to 14. Discs with higher speed go farther with less effort.

GLIDE
Glide range is from 0 to 7. A disc with more glide is able to better maintain loft during flight.

TURN
High speed turn is between -5 and 1. A disc with low turn has a tendency to turn right when thrown backhand by a right-handed player.

FADE
Low speed fade is listed from 0 to 5. A disc with high fade has a tendency to tail off to the left at the end of the flight when thrown backhand by a right-handed player.
