## We are the Kansas Land Trust

Our mission is to preserve both agricultural and natural landscapes, across the state of Kansas. We work to preserve our state's unique natural heritage and recreational opportunities, so that families may continue to enjoy them forever.

# About The Course

The Thornfield Disc Golf Course was built by Suburban Lawn and Garden in early 2008 on the scenic property owned by Bill and Bo Stueck. The course is located on one of the Kansas Land Trust's protected lands and it is the only private course of its kind in Kansas City. It was designed by Dennis Vahsholtz and Bill Paulson and fulfills the Stueck's vision in building the course to host fundraising tournaments for non-profit organizations, like the Kansas Land Trust.
